Principal's Message

Dear Plainfield High School Class of 2020,

As principal, I continue to marvel at how well you have adapted and overcome the most trying of circumstances, completing school under a distance-learning platform. This year will forever be remembered by the devastating COVID-19 pandemic.

As a community of learners, we are made stronger through our collective experiences. As quoted by Robert H. Schuller, “Tough times never last, but tough people do.” We are Plainfield tough! Moreover, I am extremely proud of who you are and what you represent as students of Plainfield High School.

In closing, I would like to extend my sincere thanks to Mrs. Terry Shareef, 12th-grade vice principal; Ms. Robyn Brown, yearbook advisor; and the entire yearbook committee for a job well done!

Sincerely yours,

Dion A. Roach, Principal

Yearbook Staff

Class of 2020,

We know that the COVID-19 pandemic has interrupted your senior year. Thus, we've put in a lot of time and effort to make this yearbook memorable. In this yearbook, we wanted to ensure that we captured all of the things you will remember about Plainfield High School. This is a yearbook like none you have ever seen before or will see in the future!

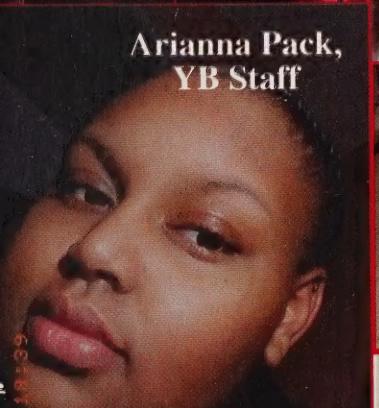

Congratulations and enjoy,

Veterans Day

Students at Plainfield High School held a Veterans Day ceremony to honor fallen members of the military.

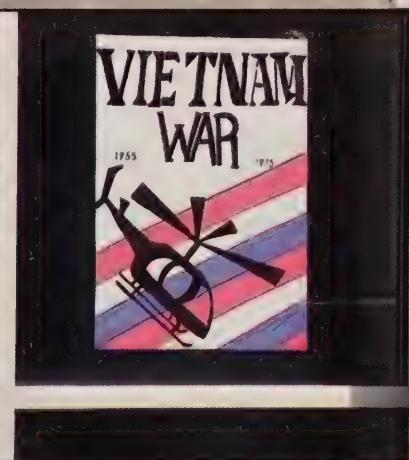

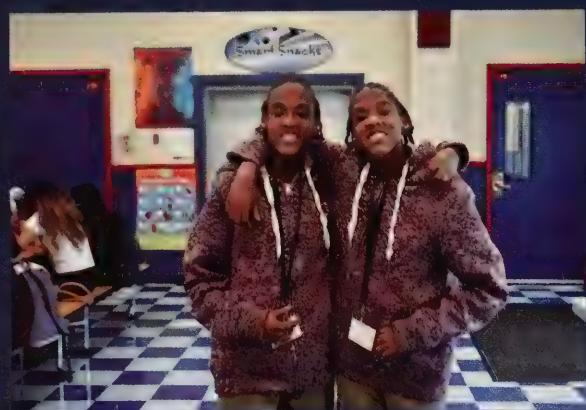

Students read the names of former PHS students who died while serving in the U.S. Military.

American History teacher, Ms. Lyons, had the idea to hold the ceremony. Veterans Day is personal for Ms. Lyons – her father served in World War II and her grandfather served in World War I.

How COVID-19 changed our lives...

Nov. 2019

A novel coronavirus was first identified in China's Hubei province. The disease it causes attacks the lungs and causes rapid onset of pneumonia in already immunocompromised patients.

The first American case was diagnosed in Washington state. The illness rapidly spread across the globe, endangering mostly older adults and those with underlying and chronic health conditions, including lung disease, heart disease and diabetes.

1.20.20

11
Canada had 118 cases.
United States had
1,267 cases.
Italy had more than
12,000 cases.

The WHO declared SARS-CoV-2 a pandemic, which meant the 118,000 cases and more than 4,000 deaths worldwide required more specific and targeted attention and resources.

To slow the virus' spread, the US suspended European travel for 30 days.

Provinces, states and cities continued to implement strict measures to slow the spread of the virus. The movement, called "flatten the curve" prompted entertainment, bar and restaurant closures across the US and Canada. By Monday, all NBA, PGA, MLB, MLS, NASCAR, NHL, and NCAA sporting events were either canceled or put on hold for two or more weeks. Some especially hard hit areas, including seven counties in California, put a three-week-long "Shelter in Place" home restriction on citizens, requiring they leave their homes only for essential needs. Workers in essential services (emergency and medical, banks, grocery, pharmacy and food service) were exempted from the restriction, so they could work.

18

The World Health Organization (WHO) names the virus SARS-CoV-2 (Severe Acute Respiratory Syndrome Coronavirus 2) and the disease it causes COVID-19 (Coronavirus Disease 2019). Worldwide death toll is 1,107.

2/11

Feb. 29

12
Canadian Prime Minister Justin Trudeau and wife Sophie Grégoire Trudeau self-isolated after she experienced symptoms. He was cleared, but she had the virus.

-The US reported 2,816 confirmed cases and 58 deaths.
-Fifteen states activated National Guard troops to assist with virus-related concerns, including regulating the flow of medical supplies, food and shelter.
-Canadian provinces canceled schools as the numbers of infected rose.

14

First US COVID-19 death
1 new case in Mexico
3 new cases in United States
5 new cases in Canada

16 US states closed schools to reduce spread of the virus:

Alabama	West Virginia	New Mexico
Wisconsin	Illinois	Oregon
Maryland	Pennsylvania	Virginia
Ohio	Louisiana	Utah
Kentucky	Rhode Island	
Washington	Michigan	

US declared a national state of emergency. 13

Canada reported 341 cases.

More cases were reported outside mainland China than inside it for the first time in the history of the disease.

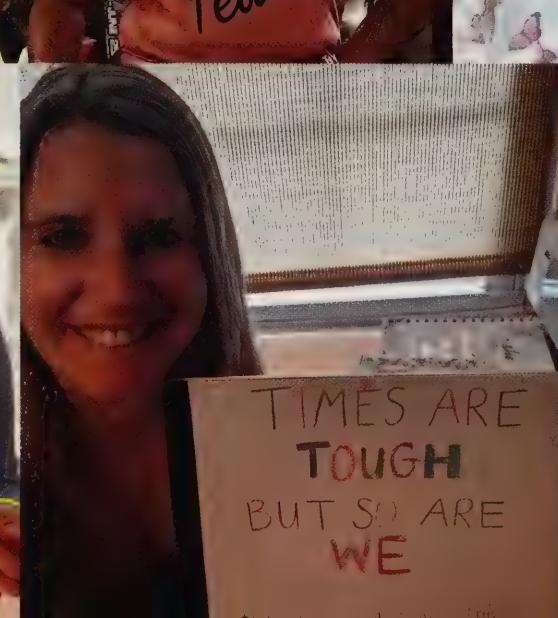

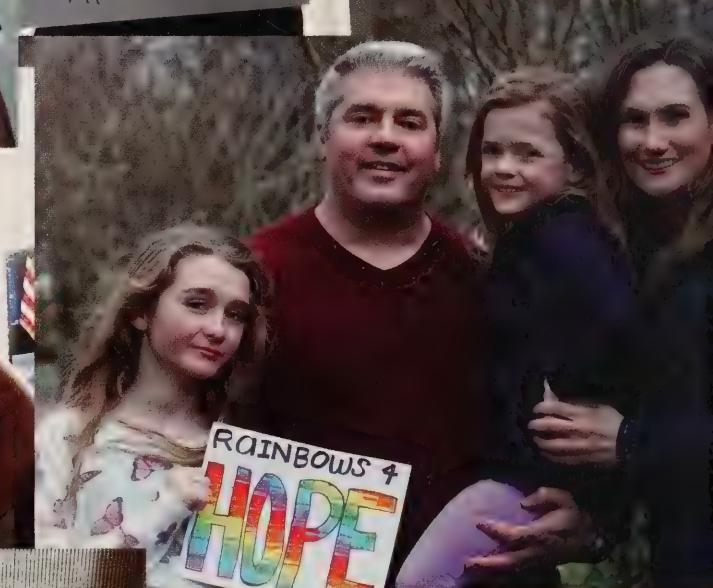

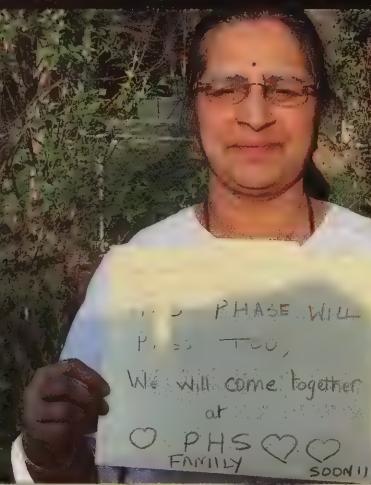

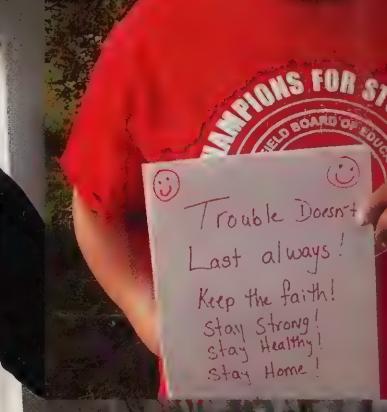

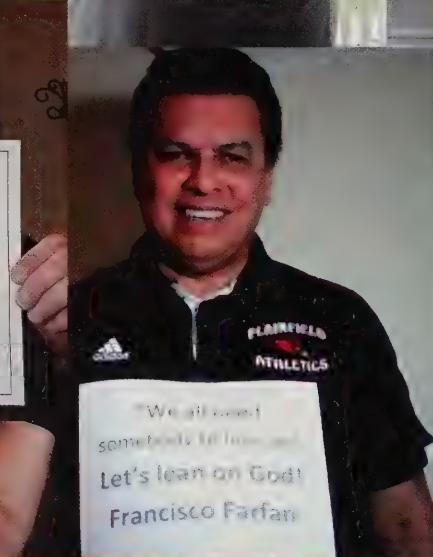

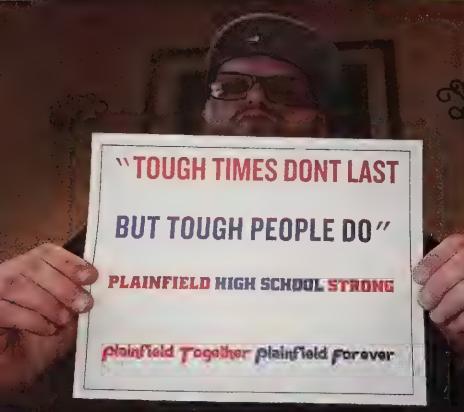

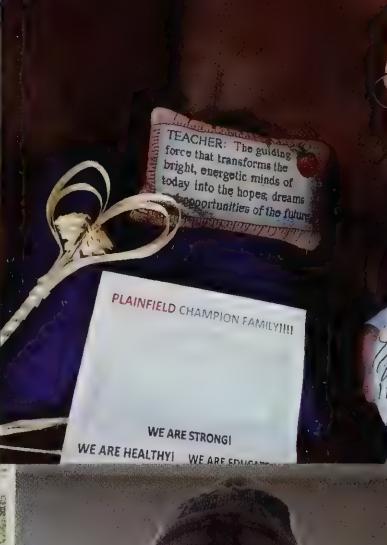

The largest school district in the US, NYC Public Schools, closed.

The CDC suggested a community ban on all gatherings of more than 50 people for at least eight weeks.

15

Governor Murphy ordered all public and private schools closed. A week later, all standardized testing scheduled for this spring were canceled. Schools remained closed for the remainder of the school year.

COLLEGE, THE ARMED FORCES, TRADE-SCHOOL, AND THE WORK FORCE

Brianna Taylor, Class of 2020 Valedictorian:

The last few months of our senior year have been challenging and overwhelming. We have worked really hard to get where we are today. Our hard work has finally paid off. Our sweat and tears have paid off. Those times when we really were contemplating dropping out of school but didn't, paid off. From climbing those forever tiresome stairs every period during our freshman year to stressing out over applications our senior year, we have overcome a great deal of events.

Yes, the Corona Virus took away time from our senior year with our friends. However, the time we have apart gives us time to reflect by ourselves and with our families. I believe the pandemic is providing us a clean slate to make a difference in our society and realize the important elements of life. I believe this class will make a difference in today's society, so SHINE THE LIGHT, make way, because the Class of 20/20 will see their goals and dreams with crystal clear vision.

CONGRATULATIONS CLASS OF 2020. It's been real!
